Shuster Meets with Bedford County “Teens Against Tobacco Use”

Washington, D.C. – Earlier this week, Congressman Shuster met with a group of 9th through 12th grade students from Bedford County to talk about the importance of not smoking and the cost of smoking related diseases.

The Teens Against Tobacco Use are tobacco-free youth who address the troubling statistics of tobacco use in their communities through advocacy. The students serve as role models promoting a healthy smoke-free lifestyle and setting the norm that no use of tobacco is safe.
